## Semester 2 - Newsletter

### NOTES WITH INTENSE CLARITY...

As the Principal IB programme, I am happy to welcome you all to the another milestone of learning journey. It gives me immense pleasure to share with you the first edition of Arion's Voice. We will be sharing the newsletters showcasing the glimpses of school events to provide you all with the information about all our approaches to learning. The academic year 2023-24 began with innumerable achievements, well-organised school events and activities. Our students' enthusiastic participation in the events like internal competitions, observances of UN days, whole school celebrations, and inter-school competitions were exemplary. The Student Council formation marked another Milestone in the leadership curriculum of the school. With that note, we are looking forward to having much more intense and rigorous learning contributing to the construction of a peaceful world.

Ms. Geetha Gopinath  
IB Principal

From the Desk of EYP Coordinator  
Our Early Years Programme @ MKids is the foundation for fostering critical thinking, problem-solving, and emotional well-being. Children naturally learn through play. It is not just a play; it's a meaningful play. Hence we create opportunities and design challenging play spaces for them to learn and explore. It's the perfect moment to engage a child's intellect and to provide the foundation for learning and growth that will enable them to succeed academically, emotionally, and socially. With us, the child's early years are full of discovery and wonders because there is always something new to inquire, investigate and explore. I assure that the type of learning environment a child is exposed to during these formative years in our EYP will have an impact on their personal and academic growth which will mould them into lifelong learners.

Ms. Amala  
EYP Coordinator

**HOW THE WORLD  
WORKS**  
An exploration of the  
physical and material world

## Fun with Colors

"Fun with Colors" isn't just about artistic expression – it's also a journey of discovery. Children explored the science behind colors, their psychological effects, and the cultural significance they hold around the world.

**WHO WE ARE**  
Explore the nature of the self  
and what it is to be human.

**Nurturing relationships  
within my community.**

HOW THE WORLD  
WORKS  
An exploration of the  
physical and material world

The Earth's natural cycles  
influence the activity of living  
things.

## SHARING THE PLANET

An exploration of rights & responsibilities in the struggle to share finite resources with other people

Plants play an important role in sustaining life on earth.

Animals and people interact in  
different contexts.

Literacy in early years helps children develop their cognitive & communication skills, social & emotional development, and cultural and societal participation. Here at MKids children will learn the letter sounds through a multisensory approach.

Reading in the early years sets the foundation for literacy skills and a lifelong love for reading. In MKids, creating a nurturing and supportive environment where children can explore, discover, and enjoy books from an early age is essential.

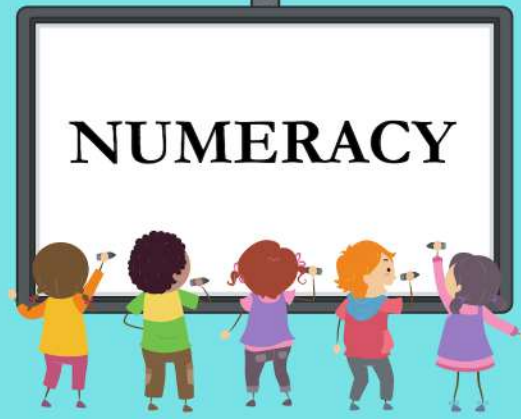

உ

எ

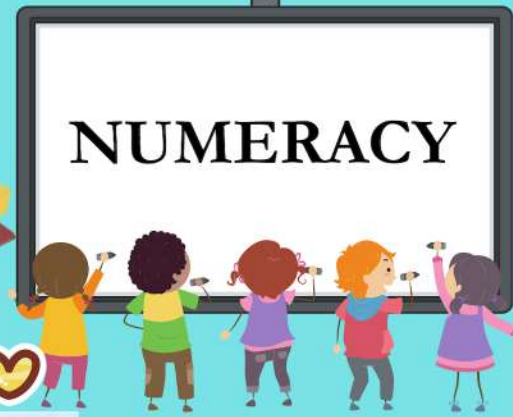

இ க் ஐ

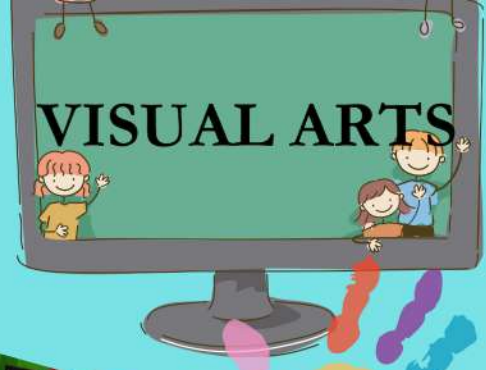

We provide a supportive and engaging environment that fosters exploration and discovery, which help children to develop strong numeracy skills connected to day-to-day life.

From class tales to modern favorites, classrooms were transformed into story lands. To cultivate a love of stories, children were involved through puppet shows, story trays, role play, setting up a story, story walks and character dress up.

# JANMASHTAMI

# VIJAYADHASAMI

# CHRISTMAS

ANNUAL  
DAY

# SPORTS DAY

# FIELD TRIPS

Our MKids have truly showcased their knowledge and dedication as caring members of society. They have taken the initiative to spread awareness by organizing rallies, distributing badges, and engaging in meaningful discussions within their communities.

# STORY TELLING

# THIRUKKURAL RECITATION

# SOLO DANCE/SINGING

# MESSY PLAYDATE

As our children indulged in a messy playdate with colourful paint, squishy clay, water play, foam play, and various tactile materials spread across the tables, our MKids transformed into a lively hub of creativity and exploration.

# MESSY PLAYDATE

Laughter and excitement filled the air to celebrate the spirit of togetherness as parents, grandparents, siblings, and extended family members joined in the festivities alongside our young learners of MKids.

# INTER-SCHOOL COMPETITIONS

## FELICITATION

MKids is committed to providing a holistic education that fosters academic, social, and emotional development. One of the key ways that we achieve this is through student-led conferences. It is an opportunity for the children to reflect on their learning, set goals for the future, and share their accomplishments with their parents and teachers.

Graduation Day was a special event to commemorate the graduation of our young learners who had successfully completed their kindergarten journey with us. It was a wonderful occasion for everyone to feel proud of their accomplishments.

Dear Parents,  
We would like to extend our heartfelt gratitude to you, our parents, for your patience, understanding, and cooperation .

As we move forward, please rest assured that we are continuously monitoring the situation and implementing measures to enhance the quality of our Early Years program. Our top priority remains the well-being and academic success of your children, and we are committed to providing them with the best possible learning experience.

I encourage you to stay connected with us through our various communication channels, including email updates, our school website, and our social media platforms. We are here to support you every step of the way and welcome any feedback or suggestions you may have. Thank you once again for your continued trust and partnership. Together, we will navigate these challenging times and emerge stronger than ever.

With regards  
Team MKids

*Nothing  
but  
Gratitude!*
